EXTRA!! Message from Ron for May 9th, the Anniversary of DIANETICS™: The Modern Science of Mental Health

Hello!

Another Book One anniversary is here, I am still here, you are still here and despite the worst intentions of some, our CF's* are still here *and* are significantly larger than last year.

The demand for Dianetics is at an all time high and Book One auditors are being produced now by the thousands. Recent research has secured the road to total freedom forever.

Is it any wonder that some would complain louder and more desperately as they see our expansion?

Well, I've got news for them — "They ain't seen nuthin' yet!!!!!"

Yes, my friends (used advisedly), the future is ours and you are helping to bring it into existence (used advisedly).

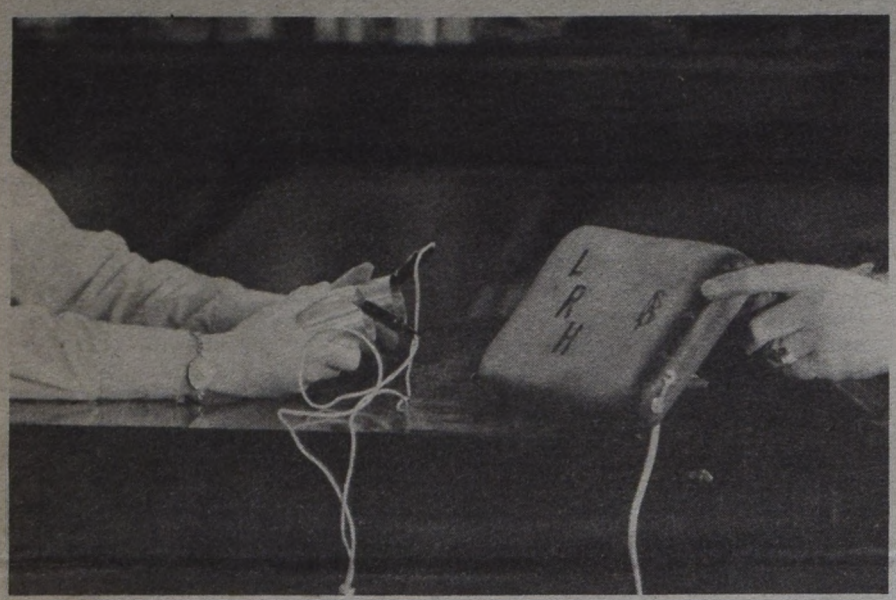

We will continue to expand because we have the technology, because we have the will and the resolve to do so, because we have the knowingness that we must and because we have the dream.

Right now, as this is written, I am researching to provide you dreams undreamt and want to thank you for your good postulates and support. Please accept my best wishes and love to each and every one of you.

Love,
Ron

What I Think of Auditors

by L. Ron Hubbard

Every now and again somebody tries to get me to say what I think of auditors. Well, I had better make a public utterance.

I think of auditors in a rather intense way. As I know more auditors than anybody else and have a better basis for judgment, on this subject I can be for once an authority.

My opinion of auditors in general is fairly well known to several people.

I think of an auditor as a person with enough guts to DO SOMETHING ABOUT IT. This quality is rare and this quality is courageous in the extreme.

It is my opinion and knowledge that auditors are amongst the upper tenth of the upper twentieth of intelligent human beings. Their will to do, their motives, their ability to grasp and to use is superior to that of any other profession.

I think of an auditor as having INITIATIVE. He is able to grasp or intend something and put it into action.

Auditors survive better than other people.

If this world has any faintest chance of surviving it will be not because I write but because auditors can and will think and do.

I consider all auditors my friends. I believe they have a right to express themselves and their own opinions. I would not for a moment hamper their right to think. I think of auditors and Scientologists as the Free People.

Just as they consider one another their people so I consider them my people.

I think their errors of the past, when they existed, came about because they were new and were finding out and I don't think any of their errors were intentional.

I don't expect auditors or Scientologists to instantly agree with or seize upon whatever I say. I would be offended if they did and would feel they weren't a Free People. Since they are intelligent I expect them to think over what's said, try it and if it's good for them, use it. That old auditors sooner or later come back to and use what I have discovered isn't any testimony to our relationship at all, it's only a testimony to my being right because I meant to be right in the first place.

I sorrow when I see somebody accomplishing less than he should because he thinks I wouldn't approve of it. In churches and out I count upon initiative and good judgment.

The most decent people I have ever known have been auditors. The best hearted people I know are auditors.

Anybody who wants to help his fellow man can become an auditor.

An auditor is essentially a technician. Existing techniques are tools. Any tool requires intelligent handling and a deftness in application. To use any tool, whether it be a stone axe or a Geiger counter, a person must acquire confidence in himself, in his tools, in his attitude toward the preclear and in the results he means and determines to achieve.

When you, as an auditor, accomplish your mission with a single preclear, you increase your confidence and your general ability.

Sometime between the first moment you decide to be an auditor and your first major success, you have question marks. You have lots of question marks. But you have to start somewhere. Even a trapeze artist had to start somewhere. Now for anybody who wants to be an auditor, the thing for him to do is start– and just face bluntly the fact that he's going to make mistakes, and maybe fall flat on his face and then all of a sudden he's going to be auditing with the greatest of ease.

As an auditor, you can do something about life. You can confront it and have a much wider, broader view of life and people.

Today, the mysteries of life are not, with Dianetics and Scientology, mysterious. We're using the technology for which Man, even in his cruelty and blindness, searched for eons. And we must get it out and use it. What we have got to face up to now is the fact that our expansion will be an accelerating expansion. So it's my responsibility to make the best auditors I can make.

We have learned a tremendous amount about auditing. Today, we have the technical materials. We are making our way, all the way. Now we must not stop. It is time Man grew up. That is what we have in mind. You know we are a potent force on Earth. Indeed the only force that is doing something about it. We weren't effectively prevented from attaining our knowledge– the hard part of the journey. Now we cannot be prevented from applying it. We can take the individual and raise him. Thus we can raise the whole. So there is a mission for you as an auditor.

Auditors have, since the first session been the only individuals on this planet, in this universe, capable of freeing Man.

At times, some will forget or choose to ignore the fact that the auditor is not just another fellow or a guy who works in Dianetics and Scientology. An auditor is a highly trained specialist, no matter what level of auditor. He or she is the only one who can give Man the truth that Man knows.

An auditor is to be respected. An auditor is very important in Clearing this planet and this universe.

It's a big job and the auditor will do it.

All auditors are appreciated.

Expansion News!

DIANETICS™ The Modern Science of Mental Health Continues as Best Seller!

The figures for the last 12 months are in, and L. Ron Hubbard's *DIANETICS Modern Science of Mental Health* continues to rack up impressive statistics as the boom around the world continues: the total sales of that one book alone, just in the United States and Canada, approached half a million copies, a figure that is three times what it was two years ago. Outside of the US and Canada, with over a quarter of a million copies of "Book One" (*DIANETICS: The Modern Science of Mental Health*) sold in the last year, the total number of copies sold to individuals has increased almost 4 times in one year alone. That brings the total number of *DIANETICS: The Modern Science of Mental Health* books sold in one year to nearly three quarters of a million copies!

Book One continues its climb up the best seller lists as well: it reached #14 on B. Dalton's national Trade Paperback List– the highest it has reached yet on this list! This puts it ahead of some top-selling new titles. Also noteworthy is that it was one of the few "serious" books on the list, indicating that readers of DMSMH mean business! B. Dalton's list is very significant and prestigious because it is one of the two largest bookstore chains in the country.

DIANETICA™ Books Boom Continues

Word on *DIANETICA* Spanish edition of Book One, continues to spread. In a three week period recently, 164 *new* outlets have ordered the Spanish edition of Book One. The books are selling VERY rapidly in the Spanish speaking community.

Recently the first TV commercials ever done for *DIANETICA* books in Spanish were aired. These are airing on a station that reaches over 5 million Spanish speaking people in the entire Southern California area. This is the only Spanish TV channel in the area, so we have a "captive audience"!

Publicity for *DIANETICA* books has also been going full blast. For example, in one recent week, there were 10 radio shows on *DIANETICA* tech in the LA area alone!

NEW BOOKS ON BOOKSTORE SHELVES

Over 35 distributors have placed their orders for the new LRH titles, *PROBLEMS OF WORK* and *THE DYNAMICS OF LIFE* (the new title for *DIANETICS: The Original Thesis*) to be released on a broad scale. These two new trade paperback books will be out in the stores very shortly, giving Ron FIVE TITLES released to the general public: Book One, *Self Analysis*, his science fiction epic *Battlefield Earth*, and these two books. Watch for them!

MIRACLES

If you've been around DIANETICS and SCIENTOLOGY® tech for awhile you might be used to miracles. As Ron says:

"People who have been in Dianetics and Scientology for years see it as a way of life. They accept it.

"But to listen to them you'd think Dianetics and Scientology had been around for the last 50 billion years at least!

"They have lost their viewpoint of the newness of Dianetics and Scientology.

"They do not realize that Dianetics and Scientology are new news to the bulk of the world's population." (Copyright© 1979, 1983 by L. Ron Hubbard. ALL RIGHTS RESERVED.)

DIANETICS technology, in the hands of auditors, is creating miracles, as it has for the last third of a century. Here are a few of the many occuring all over the planet:

— Lucille Surber, a 71 year old woman in Twin Cities, had been crippled with arthritis for 13 years. When she first got a copy of Book One her arthritis was so bad she was taking 16 aspirins a day and could hardly walk. She says DIANETICS auditing totally handled her arthritis, and not only that, she fulfilled a life long dream to be a pilot. She studied for and got her private license and is reportedly one of the oldest people in the country to get a new license. She is even now a member of the Civil Air Patrol.

— a businessman in his 40s had had chronic back pain all his life. Doctors told him it was degeneration of his back and he had two choices: pain for the rest of his life or an operation called fusion, which would mean he couldn't move part of his back. He opted for the pain, until in a Book One session he contacted the prenatal where he had first felt the burning and tightness. It blew– and he says he hasn't been in pain since!

— A young woman broke into crying fits and a cold sweat whenever she went near a hospital, heard an ambulance or was even near people talking about illness. With DIANETICS counselling she handled an accident when she had been unconscious for a few days, and she says it changed her life. Where before she had been afraid to perform (singing and piano) before more than 5 people, she now conducts her own orchestra and plays at Hollywood and Beverly Hills celebrity weddings.

— A SCIENTOLOGY® Church staff member of Celebrity Center in Los Angeles, reports, "I was at a recent concert where singers from all over the world were performing for prizes. I got myself backstage and started talking to the performers. The girl from Australia was losing her voice and was very nervous. I said, 'I think I can help you. Close your eyes,' and I gave her a touch assist (an assist which brings the person's attention to injured or affected body areas). She opened her eyes a bit later and looked shocked. She grabbed my finger and touched it to her throat a few more times. She looked at me and said, 'Who ARE you?' She had completely blown it.

"I then did a process for her nervousness. She went out and won the Gold prize and $5,000."

One Scientologist applying tech can create some big effects in an area. DIANETICS auditor and band leader Les Koel recently did a gig with his band, Affinity, at a casino in Reno, Nevada. By the time the band had finished their gig, Les had audited the maitre d' of the casino on *Self Analysis*, and he and his wife were very enthusiastic about touch assist tech and were giving each other assists. Their daughter attended the lecture Les gave at the casino on DIANETICS Tech, and she did an assist that totally handled a sprained ankle. The cashier and her son were also using *Self Analysis* and assists, and, not to be outdone, the assistant chef had handled a wound he received carving beef, with the whole kitchen watching the assist.

You can help bring about bettered conditions by seeing that your friends and associates know about DIANETICS tech and what it can do for them to help them lead happier, more fulfilling lives. Get connected up with your local SCIENTOLOGY Church and find out about how you can get trained as a DIANETICS and SCIENTOLOGY auditor, and become a cause point in the world around you.

Focus on Success! Auditing — The Technology for Bettering Conditions

Spyro Morfopoulos looks over all he'll be studying on his Briefing Course checksheet.

After being trained as an auditor, I met an old friend of mine who I had gone to school with years prior. She had become a professional dancer. She had wanted to accomplish this back when I knew her, so I thought she would be very happy about this. While talking to her, I found that actually she was having a lot of difficulty, as she had had a serious car accident as a child and one of her legs was physically 2 inches shorter than the other. She had worked for years trying to compensate for this with practice, technique, etc., but could never fully hide the defect on the stage, and she had become a dance teacher. I decided to audit her. She had never heard of DIANETICS[™] or SCIENTOLOGY[®], LRH's tech, prior to this talk. In less than 15 hours of auditing something dramatic happened. She walked into our auditing room for her session and was *totally* keyed out. She walked up to me and asked if I "noticed anything different"

Auditor and Briefing Course student Muriel Spencer wraps up the folder work after a session.

about her. She then pointed out to me that she no longer limped! She explained to me that on her way home from session the day before, that her hurt leg somehow felt different, that when she got out of her car and stood up, they felt the same length! She even took a measuring tape and measured the previously injured leg and found it 2 inches longer!

Last I heard from her she is now dancing professionally in South America and is very happy.

— Georgann Johnson

I had an interesting experience which involved the application of my auditor training. I was riding on the subway in NYC one afternoon. Suddenly I heard the loud moans of a person in severe pain. I looked up and discovered, at the other end of the car, a young man clutching his abdomen. The train was crowded, but remarkably, no one in his vicinity approached the fellow. I decided I was the only one who was *there* so I raced over and asked "What's happening?" He was in such extreme agony, he could not respond. At that point the train stopped at the station. I told an upstat looking businessman standing nearby, "You! Help me take this person off the train." I then told him to call for an ambulance and he was off in a flash.

I proceeded to do a series of assists on the young man right there in the station. It took awhile but after about 10 minutes he started to respond and pull out of it. He was very grateful to say the least and tried to force money into my hand. I presented him with a NY Church Field Staff Member card.

It is instances such as this that really validate LRH's tech and make me proud to be an auditor.

— Bruce Dobin

Friday a non-Scientologist friend of mine told me about a headache she'd had for 5 days. She asked me if I knew anything she could take to get rid of it. She'd tried medications and they hadn't worked. I explained a touch assist to her and gave her one. She was *amazed* that it totally blew her headache. Without much talk, I just applied the tech and let it work, then sat back while the pc explained to me that it really worked. That is a fine example of my ability gained from auditor training, thanks to LRH!

— Kathy Sweigart

On the Briefing Course I started auditing a pc for my auditing requirements. After awhile he went to visit his son whom he hadn't seen for some time. My pc had been trying off and on for 10 years to get his son interested in Scientology [tech] and to get some auditing.

After a few days of the visit, his son observed the change in his father and decided there must be something to Scientology after all. A few weeks later he was getting auditing from his father, who is on Academy Level 4.

I took a win on seeing the application of Ron's Tech change that condition!

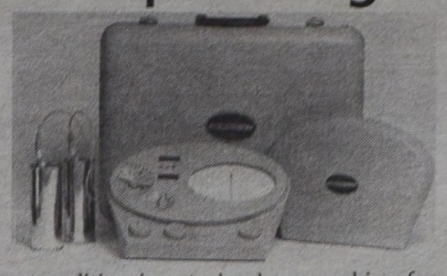

— Carol Pearson

I can say with certainty about the Briefing Course that the wins and results of studying LRH tech are worth the work.

My biggest win was auditing an athelete with a damaged knee and having him get in up the middle of the session and begin doing deep knee bends; something he couldn't conceive of doing anymore.

— Spyro Morfopoulos

Beyond the Computer Age

Auditing is a technology reaching far beyond our own age in scope and power. Ron developed the E-Meter* confessional aid to help auditors know what needs to be handled in their auditing sessions. And the E-Meter that Ron created to use state-of-the-art electronics to help in auditing on *all* levels of the Bridge *is* the Mark VI.

With the Mark VI you can have certainty you know what's going on in session–the Mark VI reads with accuracy and reliability from the bottom of the Bridge to the top–a vital tool for *every* auditor!

"Being Clear...

...gives one the *potential* of being and makes the being rather easy, and fun."* – L. Ron Hubbard, from the Saint Hill Special Briefing Course.

The reactive mind[1] has kept Man caged for eons and has prevented him from soaring to long dreamed of higher states, greater abilites and understandings.

A Clear is someone who has *handled* his reactive mind. Ron says, "The state is so valuable several hundreds of millions of people in the past 2,500 years have concentrated on nothing else."*

*Copyright * 1958, 1983 by L. Ron Hubbard. ALL RIGHTS RESERVED.

Now it is possible to operate on full self-determinism, without being dictated to by the reactive mind. Ron has made it possible to go Clear by going up the Grade Chart with the help of an auditor in SCIENTOLOGY® and DIANETICS™ auditing!

Gain the freedom to be fully yourself! Sign up for your next step on the Bridge to Clear – write the ASHO Day Registrar today!

Donations for auditing on the Bridge to Clear at ASHO are included in the donations list with this issue.
